

## **JOIN US FOR: Let's Go Fishing! Common Diseases and How to Catch Them**

Dr. Bryan Trump is FINALLY coming back to present a CE course to us!! Make sure you don't miss it! This course will review the diagnosis and clinical management of oral medicine cases commonly encountered (but no less challenging) in the dental practice. Various cases will be discussed along with the appropriate treatment options, including prescriptions and when to biopsy. A handout of Dr. Trump's favorite prescriptions will be available.

Dinner and Tuition are provided to you and your team as a courtesy from our team at Williams Dental Implant & Oral Surgery

2 drink ticket limit per attendee – for alcoholic beverages

Speaker: Dr. Bryan Trump, DDS, MS  
Associate Professor – Oral & Maxillofacial Pathology  
University of Utah School of Dentistry

CE Credits: 2 Hours
